Join more than 200 exhibiting companies
and 3,500 attendees
from across Canada and the Northern United States
this November in Toronto.

The Canadian Waste & Recycling Expo (CWRE) showcases the latest equipment, technologies, products and services in Canada's waste & recycling industry. CWRE provides a networking service between buyers and sellers, featuring the most recent information on legislation; practical advice on common challenges and presenting a forum for professional development with the information seminars that are presented by our sponsoring associations.

Reaching decision makers at the municipal, provincial and federal levels, Canadian Public Works Expo (CPWE) covers a wide array of industries, all serving the public works community. The co-location between CWRE and CPWE is a prime opportunity to showcase the latest products and services to public works superintendents, city planners and engineers responsible for public works projects and infrastructure development.

November 29 - 30, 2006
International Centre
Toronto, Ontario, Canada
